Endurance sports school

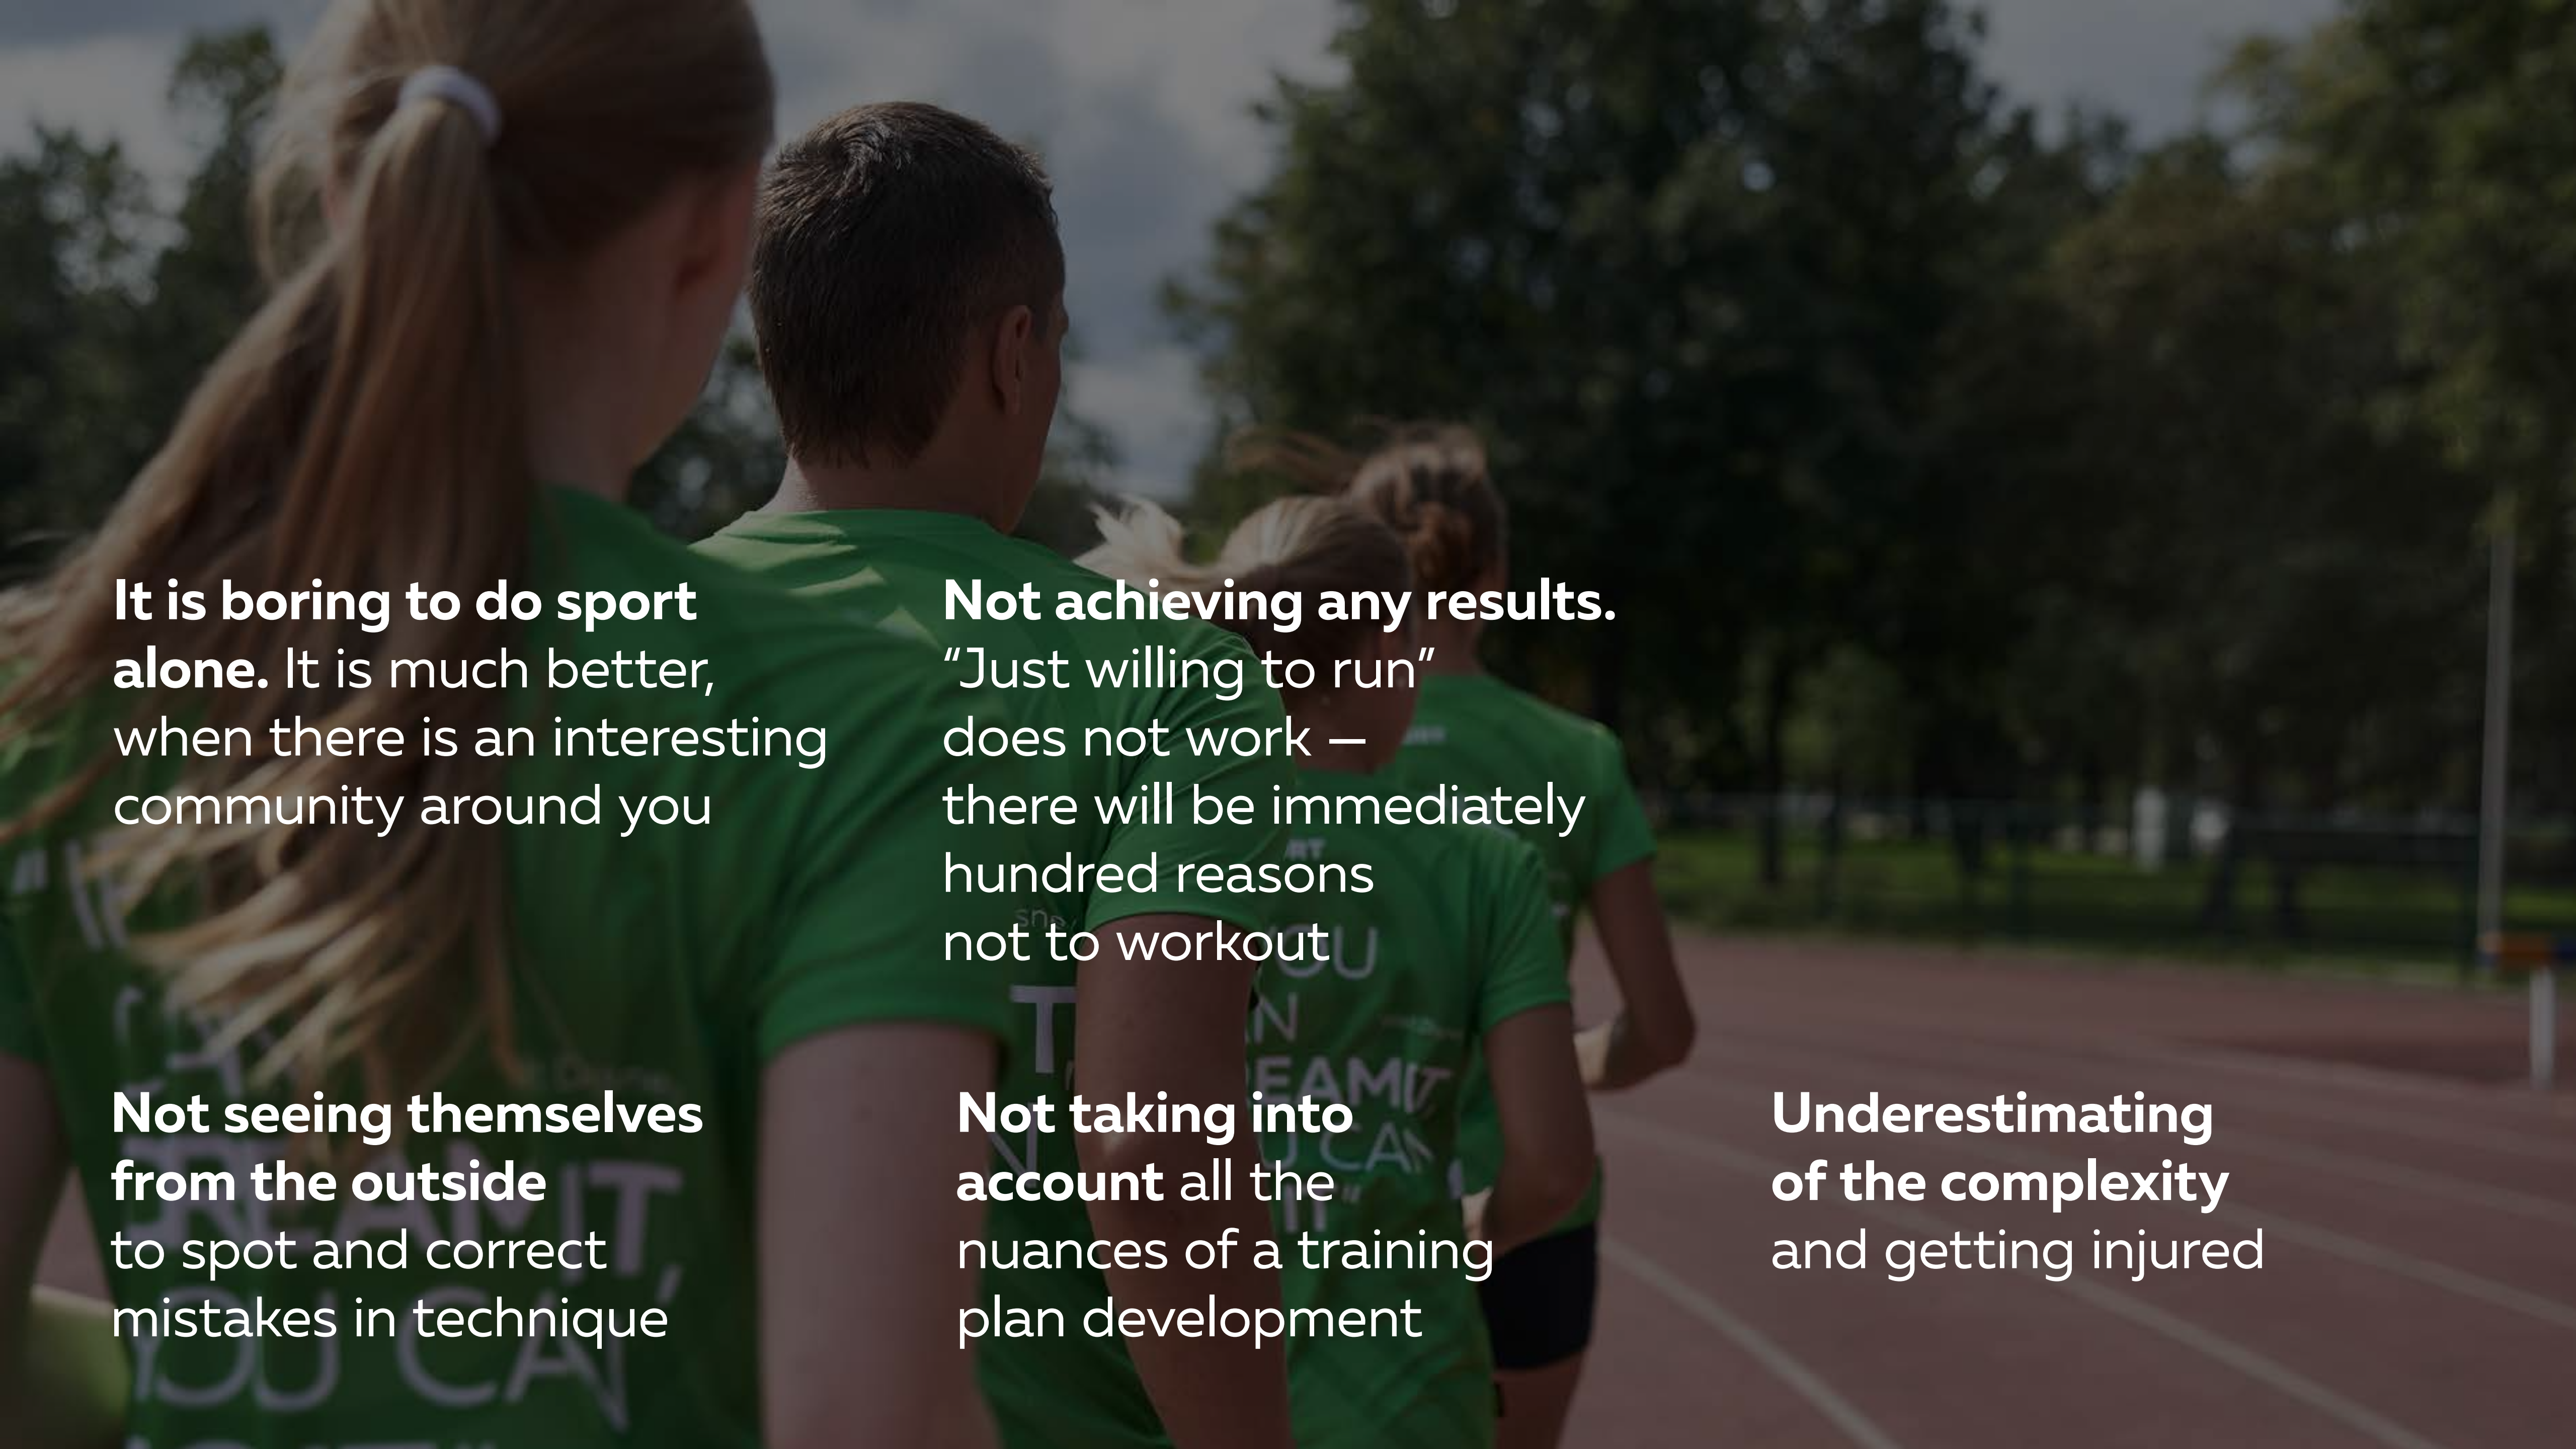

We inspire and train.
Changing lives for better
through sport since 2012

ilovesupersport.com

 **SUPERSPORT**

**Many people start to train
on their own and then give up.
What is the reason?**

A group of runners, mostly women, are seen from behind, running on a reddish-brown track. They are wearing green t-shirts with white text that includes "YOU CAN". The background shows a line of green trees under a clear sky.

It is boring to do sport alone. It is much better, when there is an interesting community around you

Not achieving any results. "Just willing to run" does not work — there will be immediately hundred reasons not to workout

Not seeing themselves from the outside to spot and correct mistakes in technique

Not taking into account all the nuances of a training plan development

Underestimating of the complexity and getting injured

We know how to start doing sport correctly and enjoyable

Training in a group
with professional coach
to achieve better results

Preparing for a start
with people like you
and be a part of the community

I Love Supersport project

- We apply proven techniques
- We inspire and train
- School of personal sport achievements
- We change lives for better through sport

HEALTH

A woman with long blonde hair tied back, wearing a green t-shirt, is shown in profile from the chest up. She is looking upwards and to the left with a slight smile. The background is a cloudy sky. The text is overlaid on the left side of the image.

We teach philosophy of personal sport achievement

Amateur sport is the coolest thing that changes a person's life, making it brighter and more exciting.

We believe that more people can open this world of amateur sport and start living differently.

Endurance sports school

Start of the project I Love Running

2012 — first group I Love Running in preparation for 21k running race

2015 — I Love Running launches in Dubai
